

What type of organisation do you represent?

What services are you delivering currently?

Where do you work i.e. borough, pan London?

poverty ie devices
waltham forest
how do we enable yp
pan
panlondon
pan london
haringey
tottenham
brent
lambeth based
to overcome data poverty
barking dagenham

Something you have found useful about the session ..

Key issues that you want to focus on moving forward?

Government guidance

Mental health, reducing violence, employment

Impact on marginalised communities, including BAME, YP at risk of CCE, and staff risk assessments (individual)

more Streetbase patrols (in these times), virtual peer to peer mentoring & recovery work...

Space for training opportunities for workers to upskill themselves

Standard risk assesment for detached youth work

Social distancing guidance for young people and support for staff members

Risk assessments for outreach

how to work safely with young people in outdoor spaces

Key issues that you want to focus on moving forward?

Consortium building for VCS members Skills on and offline
BAME focused detached and outreach Contextual
safeguarding

Training new workers and volunteers for outreach and street
based work. How to transfer indoors funds to outdoors

Sharing of practice and resources. Specific advice/support
when working in a detached/outreach capacity with
vulnerable young people

Reducing red tape for workers to get out to young people

How do we re-engage young people with limited budget
post lock down

How do we manage the way the public perceive the
detached youth work we do?

Continuous sharing of best practice

Supports for funding Detached covid toolkit Shared
knowledge to detached sessions

I am from Haringey Shed an inclusive performing arts
company and we would like to know how we can move
activities to local parks or green spaces. What permissions
are needed and could there be a local coordinated effort?

Key issues that you want to focus on moving forward?

What HR implications are there for supporting staff to become detached youth workers?

Funding

1. Confidence and encouragement for practitioners to be more innovative at this time
2. More forums and training on a regular basis for practitioners
3. Reassurances that street work is currently the safest way to engage young people currently.

Funder flexibility - ie extend funded project lengths
New Safeguarding best practices post Covid
Young researchers - allowing young people to tell us what services they need (youth participation/commissioning)

data poverty and how to overcome it. Resources and funding

funding opportunities that local authorities can apply for

Help with setting up detached services

Toolkits

Support with adjusting to the landscape

Key issues that you want to focus on moving forward?

Support with risk assessments

Practical support with social distancing in the work

Ways to effectively handle the situation if a young person disregards the 2m guideline to social distancing
